

Beauty and durability

PPG *Fusion Pro* sol-gel colors

A specially curated library of metallic colors and spatter effects – all made without PFAS

We protect and beautify the world®

Non-stick coatings that look as good as they perform

PPG *Fusion Pro* sol-gel coatings combine great performance with a range of color capabilities. They are available in several standard colors as well as select shades from our hand-selected annual trend palette, including light colors often unachievable in standard PTFE coatings.

Interested in something a bit more custom? Let us know and we'll work with you to find the perfect color.
